

Riverstone InfoTech

An Executive Summary

Agenda

- Overview of Riverstone
- Our customer base
- Areas of expertise
- Development / Testing
- Cloud / IT Infrastructure
- AI / OpenAI / Cognitive Services
- Our team

Who We Are

CMMI Level 3 Company proficient in Development, Technical Support, Design services, and IT solutions since 2001.

What We Do

- Custom software solutions
- Enterprise solutions / ERP
- Testing Services & Test Automation
- Application / IT maintenance & support
- Consulting services

What We Promise

- High responsiveness
- Technical competence
- Mature software development process
- Cost competitiveness
- Long-term partnership

Brief Introduction

2001
Founded

Riverstone was
founded in 2001

Team of
200+

Riverstone is a
company with its
culture and focus
firmly on its team

20+ years of
Experience

Chennai, India

Our Marquee Customers

Areas of Expertise

Enterprise Software

- Produce Traceability
- CRM & ERP Platforms
- Manufacturing Quality
- Furniture Design Tools
- Order Management
- Solar Permit Automation
- Lead Generation
- Loan Audit

Information Technology

- Cloud Infrastructure
- Database Administration
- End-user Computing
- Business Intelligence/Data Analytics
- Process Automation
- Security / PKI
- Desktop Support
- Digital Transformation

Software Dev & QA Services

Development

- Full stack development
- Mobile applications
- Microservices development
- Artificial Intelligence / Machine Learning
- E-commerce development
- ERP implementation

Software QA / Automation

- Manual / ad hoc testing
- Test automation
- DevOps
- API testing
- Non-functional testing
- Robotic process automation

Industries / Verticals

- Renewable Energy
- Commercial Furniture
- Manufacturing
- Entertainment
- Financial Services
- Blockchain-based Software
- Food / Produce
- E-Commerce / Retail
- Mortgage & Lending

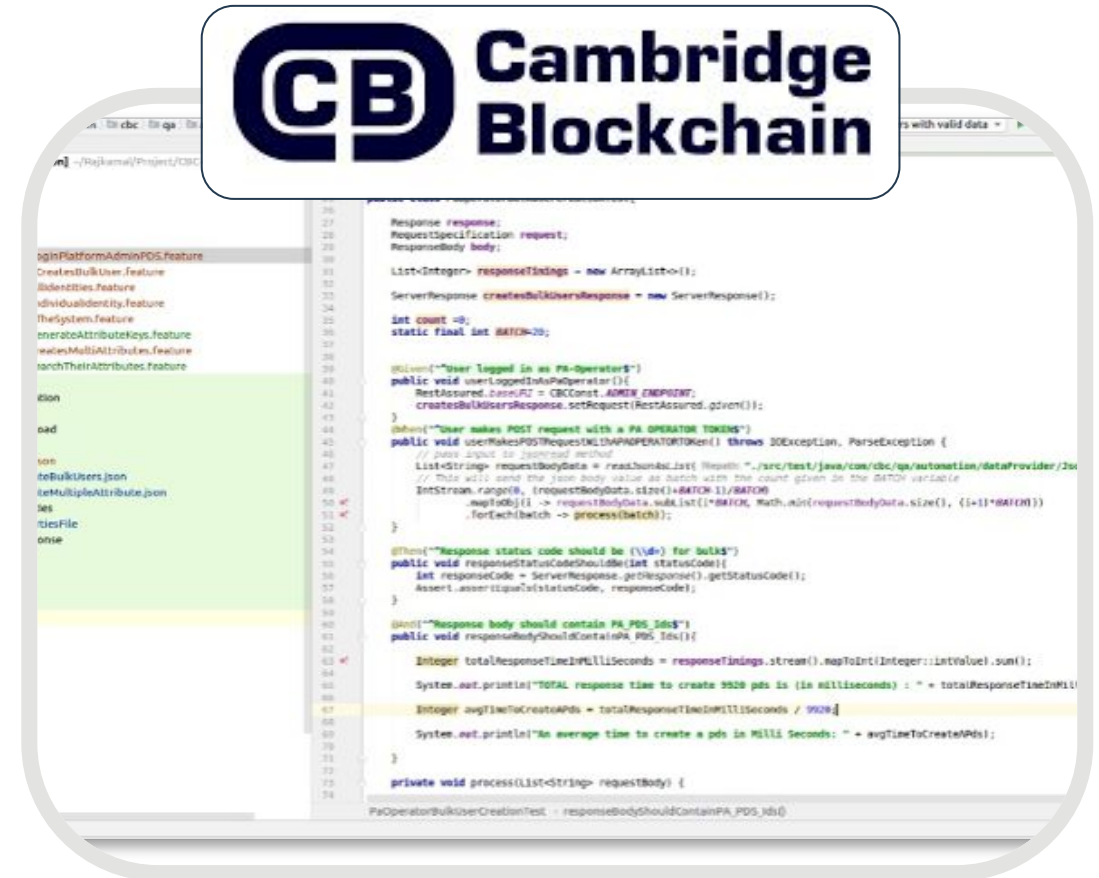

Design, Development & Testing

Test Automation

Key Achievements

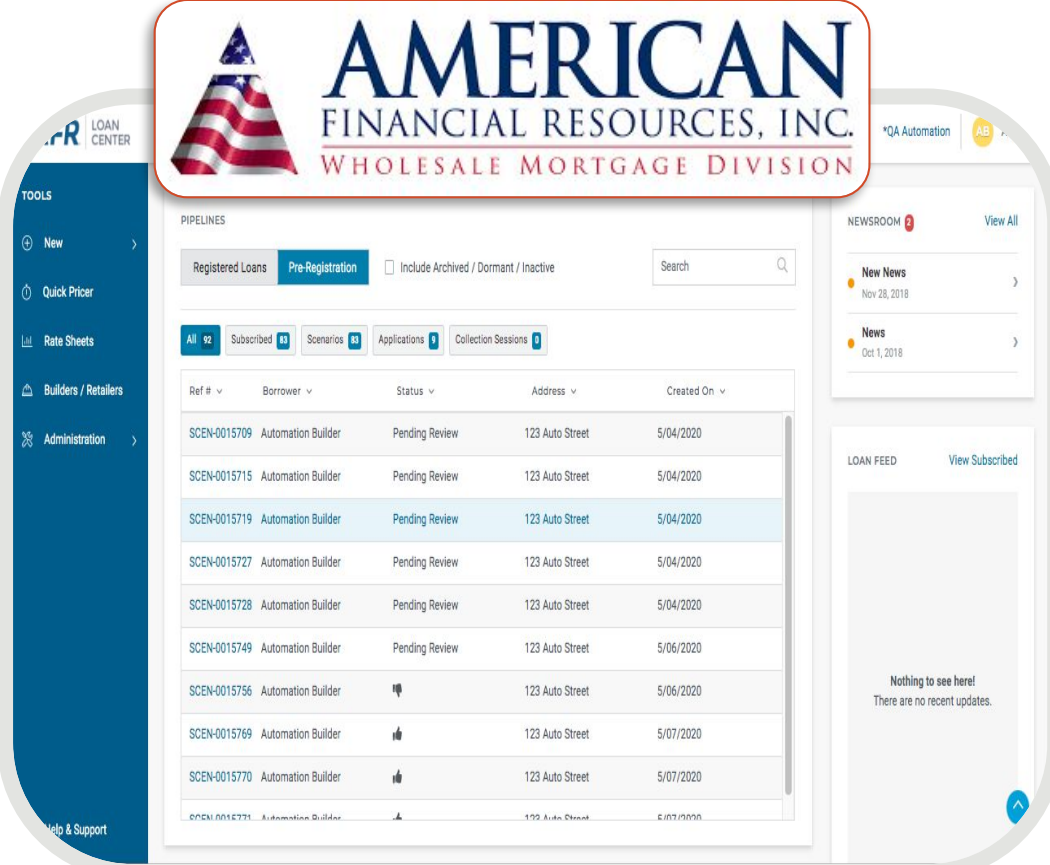

- Test Automation Framework & fully automated regression in 8 sprints
- 575 tests created in less than 2 sprints
- Weekly 5-6 test runs, Identified 10% failure rate
- Regression testing reduced from 16 hours to under 10 mins
- Approx. 60% reduction in release time (from 5 to 2 weeks)
- 85% automation of testing & deployment efforts
- Deployment time reduced from 90 to 10 mins

Financial Services

Key Achievements

- Fully automated and synchronized regression tests across portals
- Build automation- nightly builds & automated tests
- Created ~600 test cases and scenarios
- Reduced regression testing from 48 hours to under 30 mins

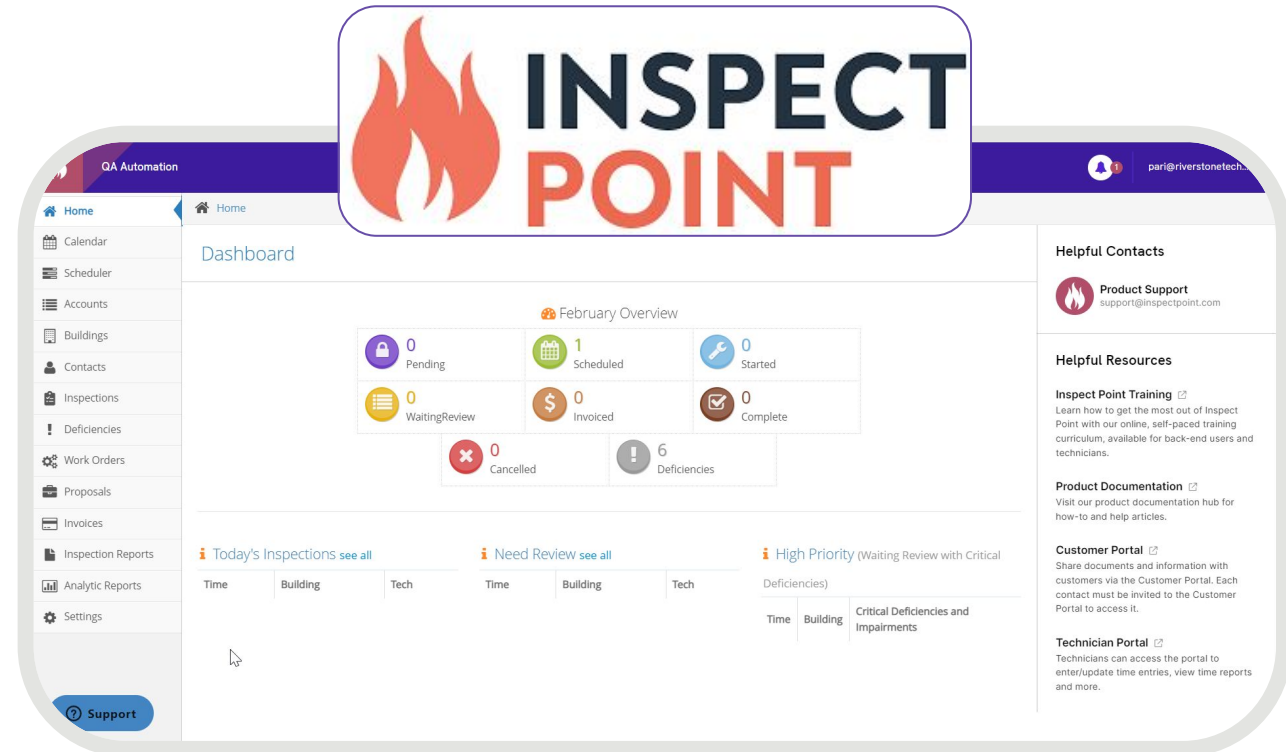

The screenshot displays the American Financial Resources, Inc. Wholesale Mortgage Division portal. The main content area shows a 'PIPELINES' section with a table of 'Registered Loans'. The table has columns for Ref #, Borrower, Status, Address, and Created On. The data rows show multiple 'Automation Builder' entries with a 'Pending Review' status, all located at '123 Auto Street' and created on various dates in 2020. The interface includes a sidebar with navigation options like 'New', 'Quick Pricer', 'Rate Sheets', 'Builders / Retailers', and 'Administration'. A search bar and filter options are also visible at the top of the pipeline view.

Ref #	Borrower	Status	Address	Created On
SCEN-0015709	Automation Builder	Pending Review	123 Auto Street	5/04/2020
SCEN-0015715	Automation Builder	Pending Review	123 Auto Street	5/04/2020
SCEN-0015719	Automation Builder	Pending Review	123 Auto Street	5/04/2020
SCEN-0015727	Automation Builder	Pending Review	123 Auto Street	5/04/2020
SCEN-0015728	Automation Builder	Pending Review	123 Auto Street	5/04/2020
SCEN-0015749	Automation Builder	Pending Review	123 Auto Street	5/06/2020
SCEN-0015756	Automation Builder	👍	123 Auto Street	5/06/2020
SCEN-0015769	Automation Builder	👍	123 Auto Street	5/07/2020
SCEN-0015770	Automation Builder	👍	123 Auto Street	5/07/2020
SCEN-0015771	Automation Builder	👍	123 Auto Street	5/07/2020

Compliance Software

Key Achievements

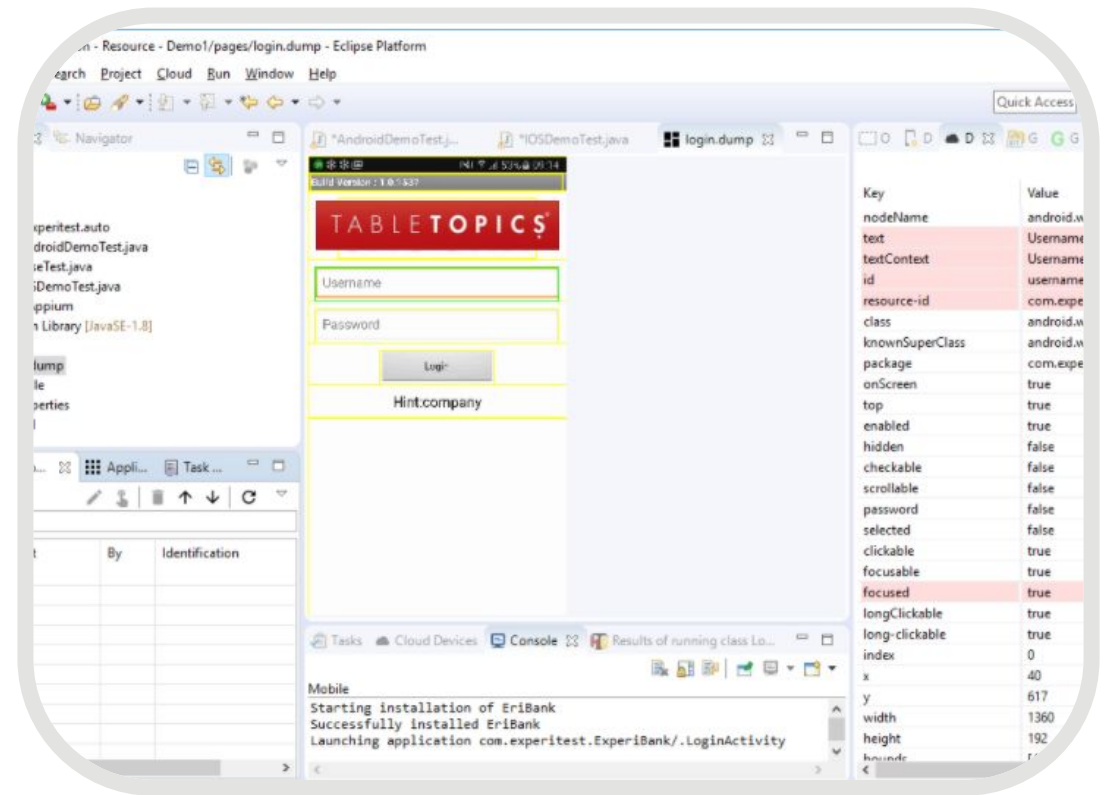

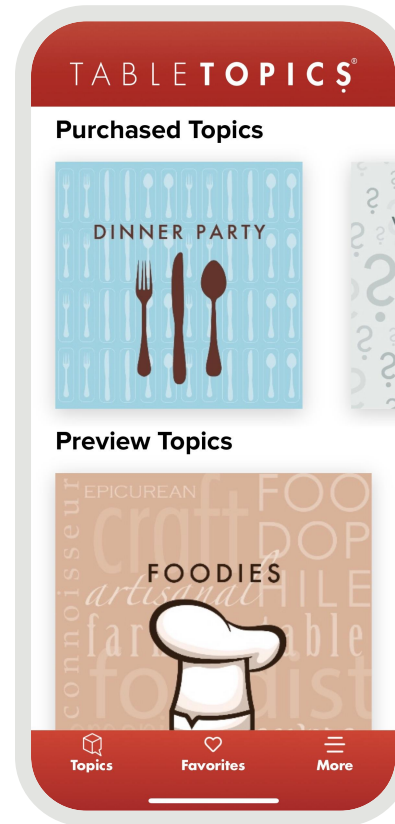

- Created a compliance engine pipeline that utilizes Robotic Process Automation (RPA).
- Automated 275 scenarios across app layers, enabling CI/CD
- Enabled Quickbooks integration for importing customer, account, and contact data
- Provided support for compliance engine RPA operations

Test Automation

Key Achievements

- Improved test execution & maintenance using Appium
- Automated test cases for content verification
- Automation regression for periodic builds
- Cross platform testing: Web+iOS+Android

Robotic Process Automation

Key Achievements

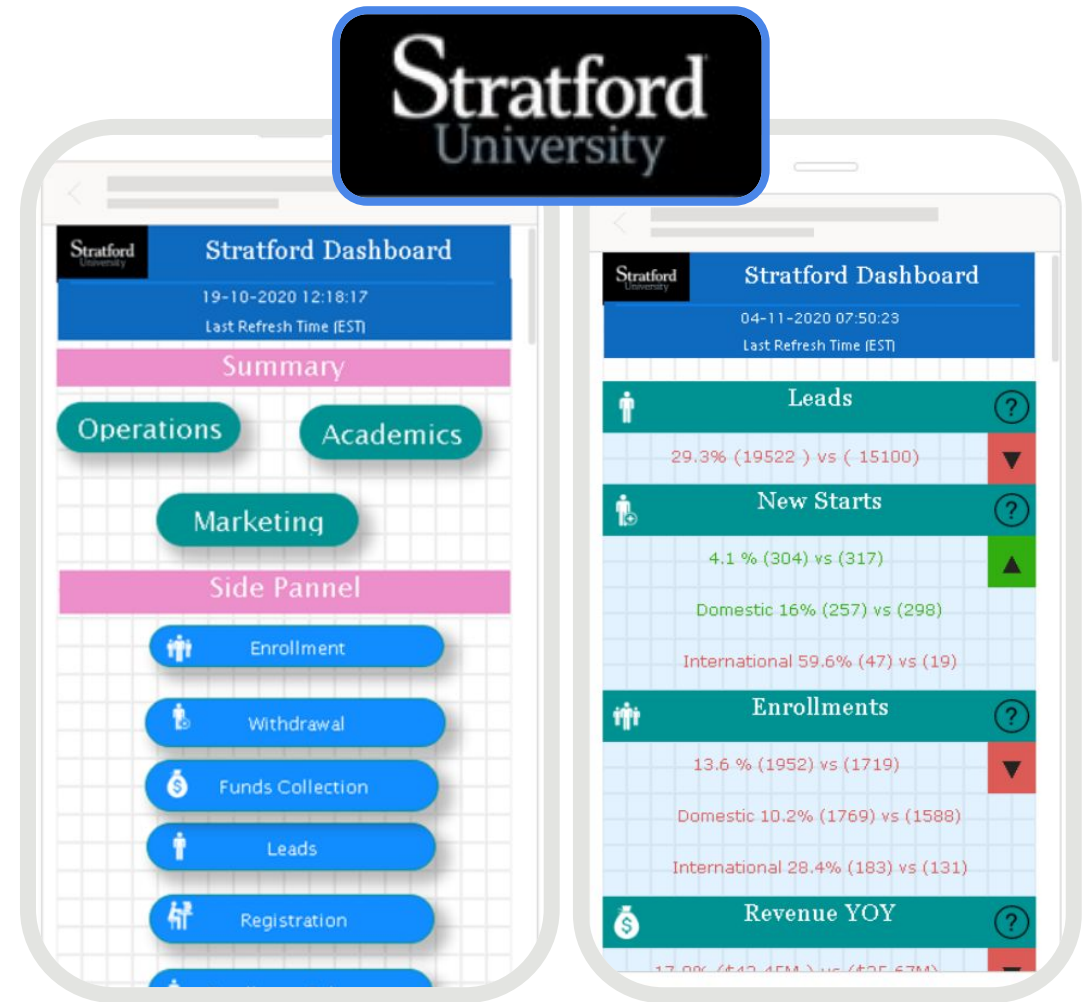

- Automated data transfer between various applications.
- Updated fields with relevant data at a scheduled time
- Utilize APIs and Webhooks to automate routine tasks

Stratford U. BI (Mobile)

Key Achievements

- Customized reports on industry-specific KPIs
- Interactive data visualizations
- Compatible with Windows, iOS, and Android
- Reports with touch-enabled screen
- Resizing feature for better view ability
- Monitor data KPIs on mobile

DB Management & Data Analytics

ENPHASE

Enphase Project - Data Analytics

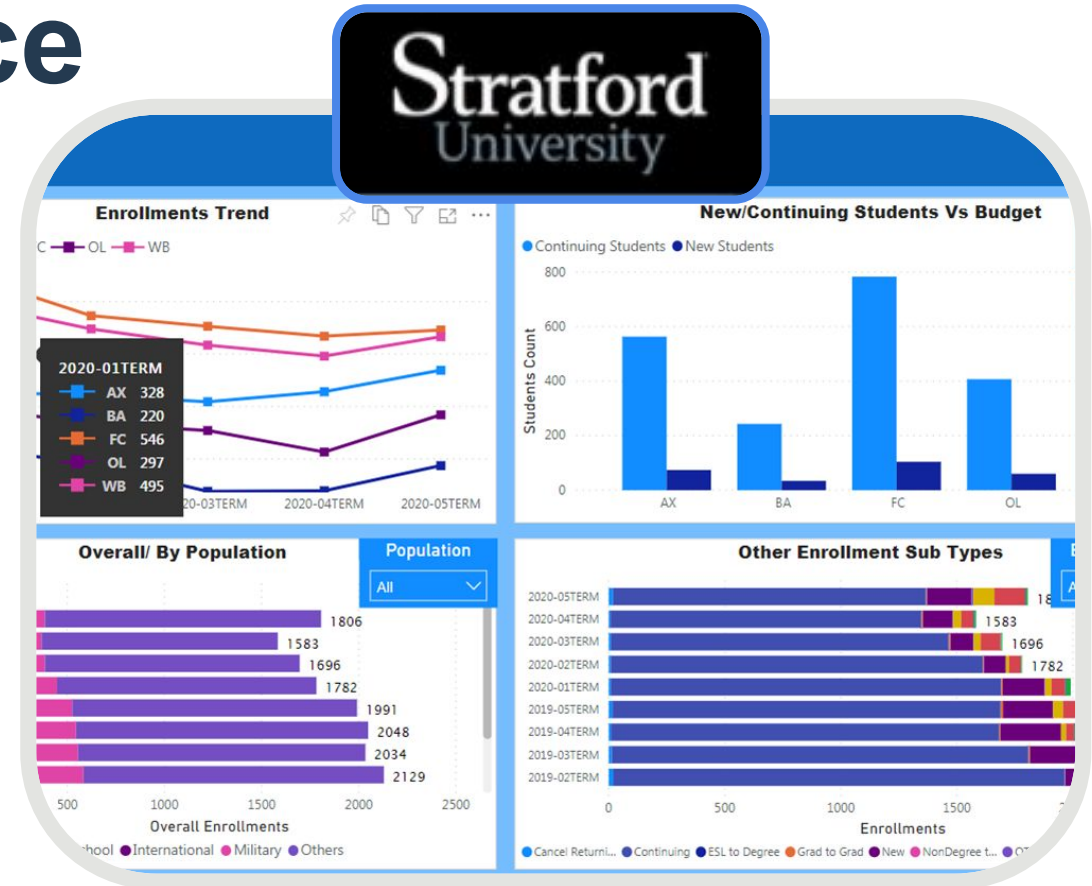

- Automated data-driven processes and reporting
- Importing and exporting data from a variety of formats
- Performed grouping, aggregating and summarizing large datasets
- Enabled visual exploration of data

Stratford University- Business Intelligence

Key Achievements

- Data migration into Power BI
- Maintained data accuracy across panels
- Created slicers to get the accurate data values
- Frequent scheduling via data gateway
- Infrastructure integration, including 3rd-party data warehouse
- SQL server and other data sources

Data & Log Analytics

Key Achievements

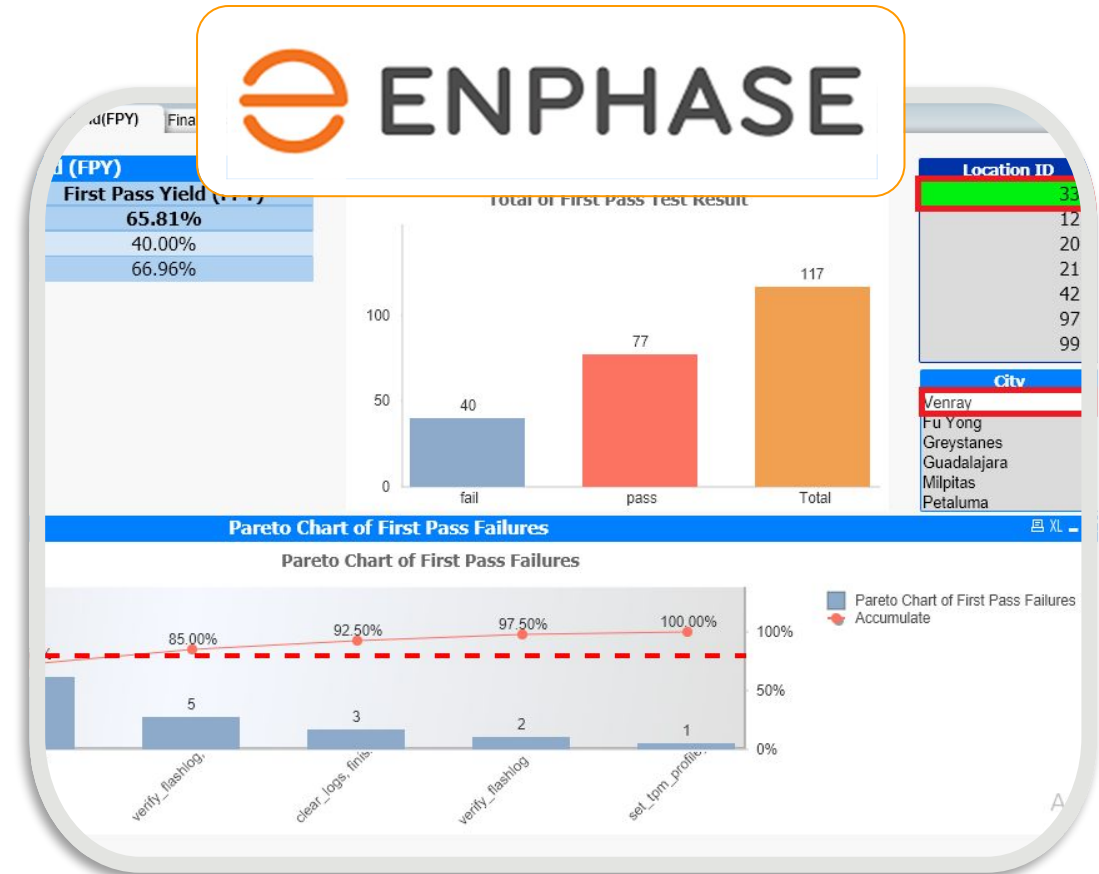

- Developed a log analytics application
- Data ingestion of large datasets & dashboards
- Created dashboards for performance analysis
- Introduced Auto-analysis for indexed logs
- Reduced trouble shooting time & effort significantly

QlikView Reports & Insights

Key Achievements

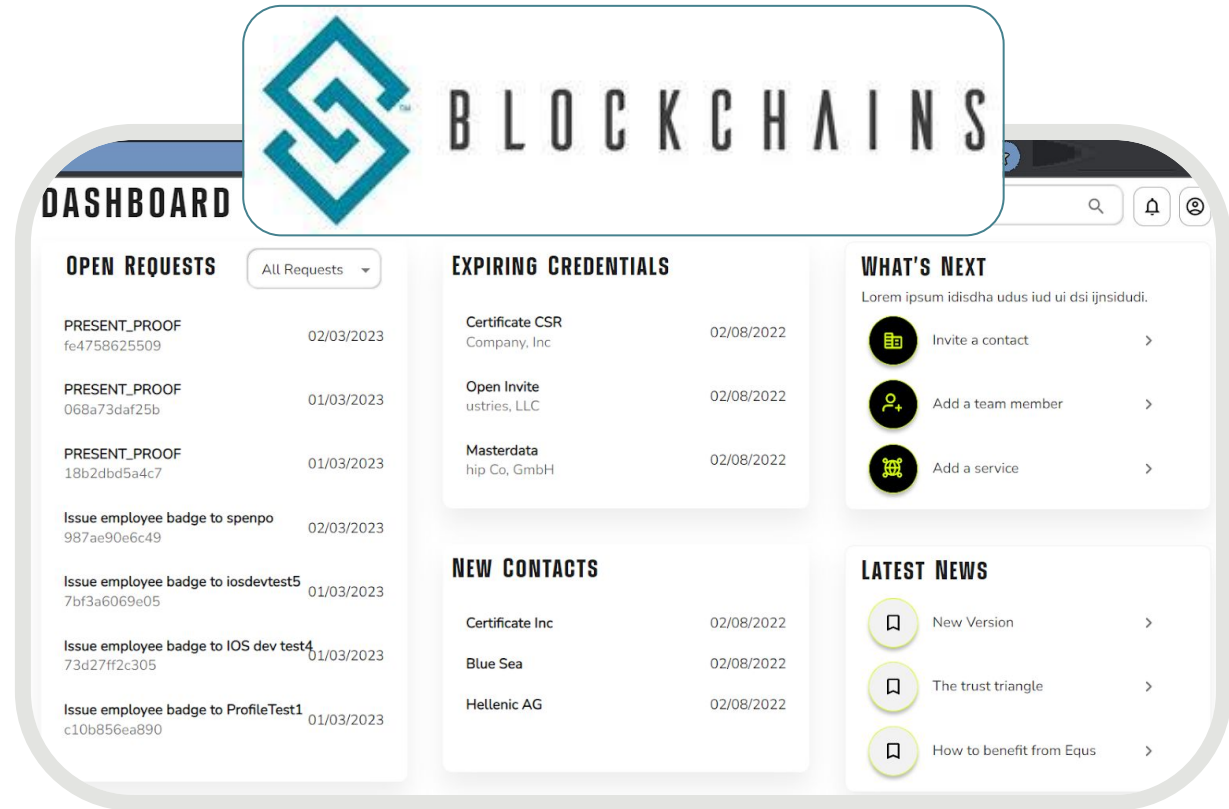

- Enabled customer to consolidate data from Oracle, MySQL, MongoDB & HubSpot
- Performed transformative and analytical operations
- Fetched data via backend APIs
- Created in-depth reports and handled multi-dimensional data
- Improved reporting by a centralized dashboard

Equs Business Portal

Key Achievements

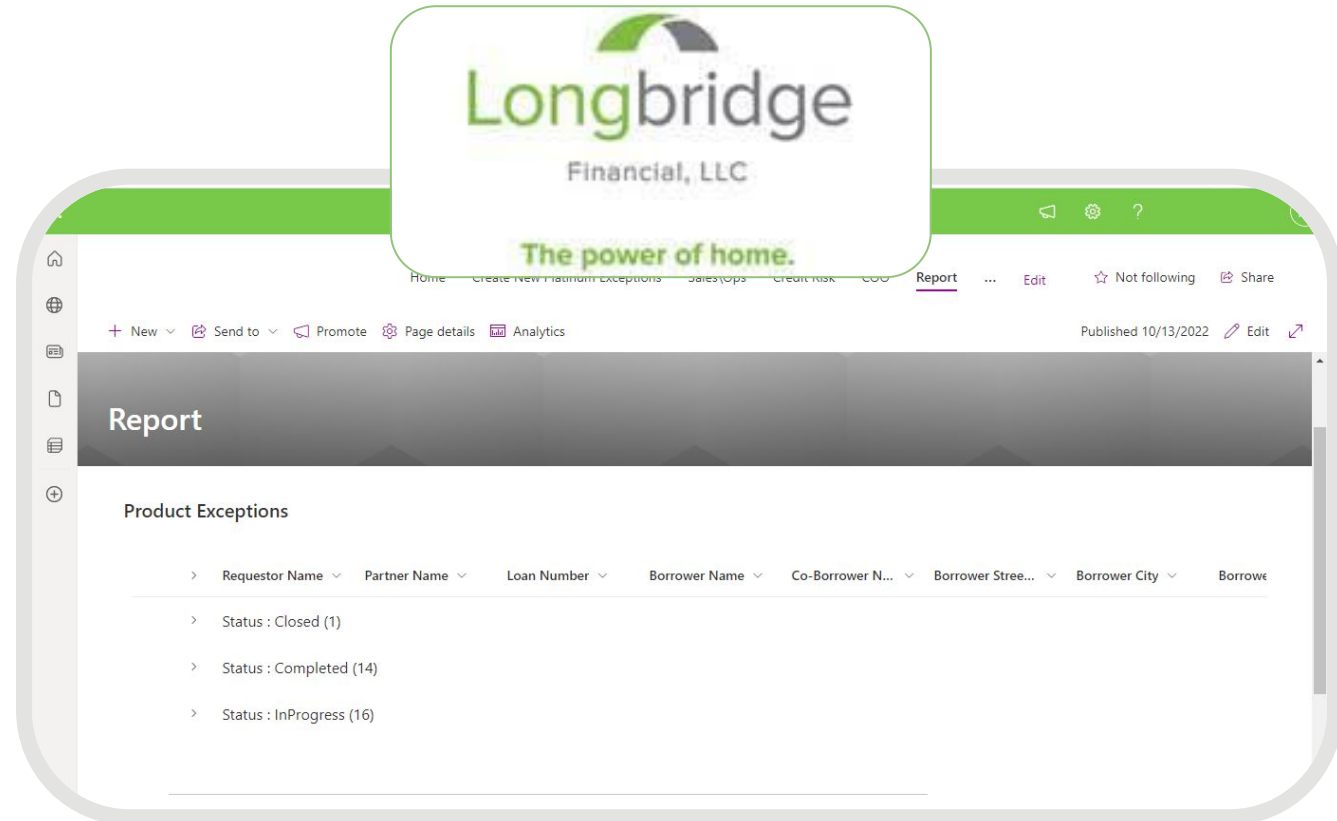

- Enabled employee onboarding process
- Added asset-to-NFT functionality.
- Developed Contacts, Teams, and Credentials features.
- Established secure identity sharing.
- Enhanced user interface for better experience

Reverse Mortgage

Key Achievements

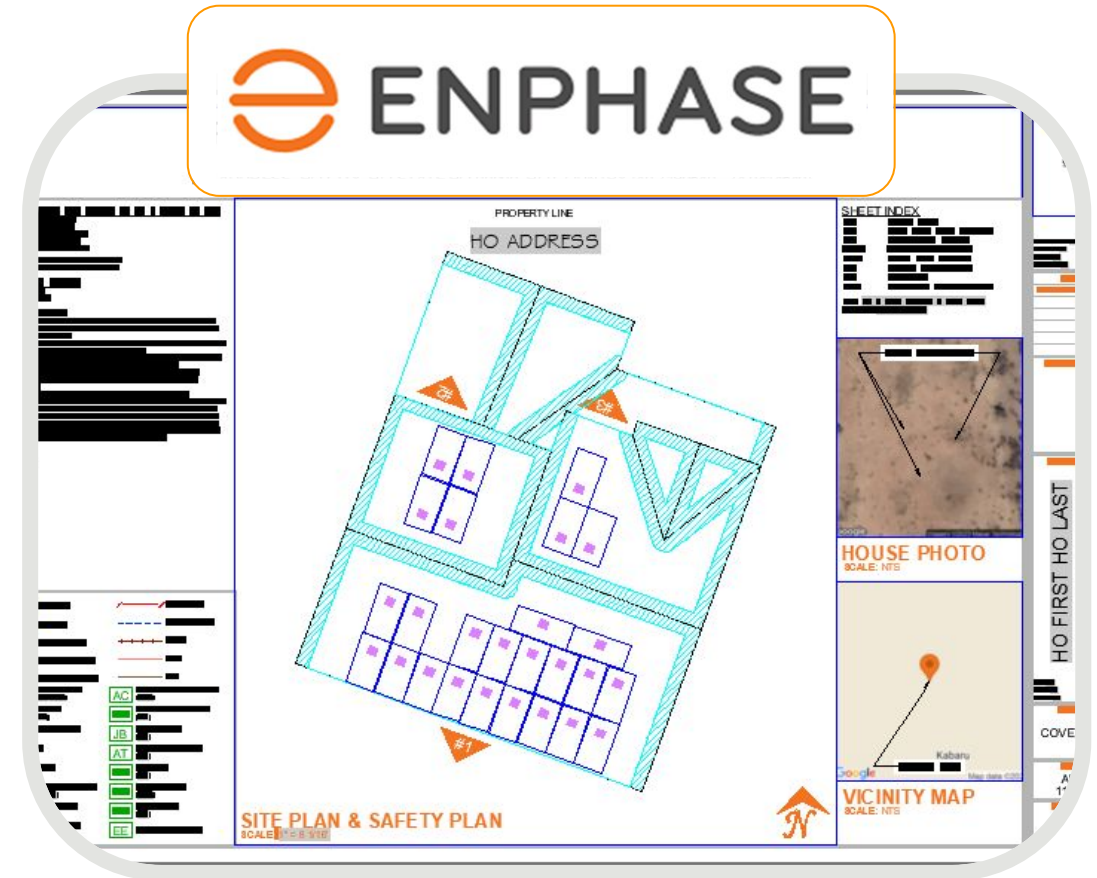

- Developed Product Exceptions application in six weeks for Sales/Ops individuals to submit Exceptions for approval.
- Built SharePoint forms to manage different levels of approval.
- Created workflows to trigger email notifications for various approval statuses.
- Designed Dashboard for role based access to handle the exception requests.
- Enabled the application to export exceptions to Excel.

CAD Design Automation

Key Achievements

- Designed site plan & rafters
- Embedded satellite and vicinity images
- Created layouts & viewports
- Automated multiple layouts
- Added roof indicators
- Created placards

ERP for Fleet Management

Key Achievements

- Fuel management
- Dispatch & routing
- Vehicle tracking
- Maintenance management
- Reporting & analysis

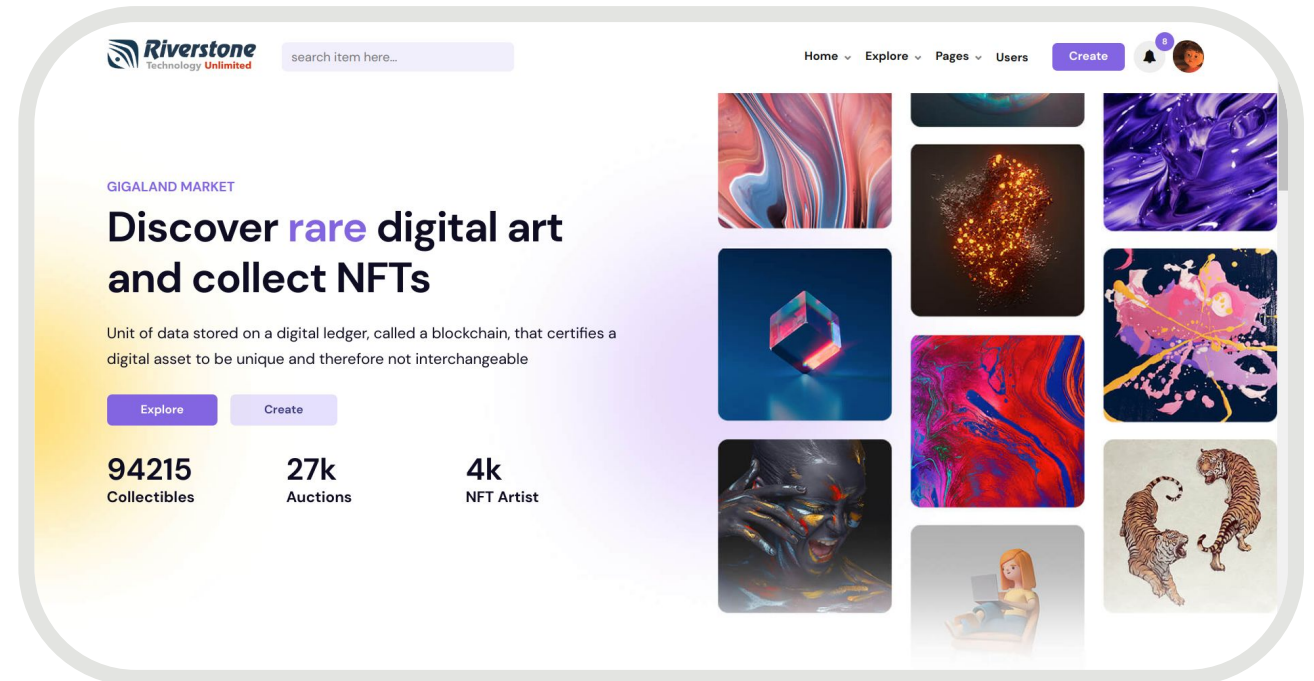

The screenshot displays a web application interface for ShINE Transportation, Inc. The page title is "Vehicle Log" and the entry ID is "3-2019-00001" with a status of "Submitted". The interface is divided into several sections:

- Vehicle Information:** License Plate: **MH01AB0786**, Model: **Maruti**, Employee: **HR-EMP-00002**, Make: **XVI**.
- ODOMETER READING:** Date: **23-08-2019**, Odometer: **5000**.
- REFUELLING DETAILS:** Fuel Qty: **5**, Supplier: **Scott Ties**, Fuel Price: **₹ 50.00**, Invoice Ref: **SC-1234**.

The ShINE logo, featuring a yellow sun with a red cross and the text "ShINE TRANSPORTATION, INC.", is prominently displayed in the upper right corner of the interface.

Token (NFT) store

- NFT minting and trading
- User-friendly designs with easy navigation
- Sales and Auction
- Royalty Feature
- Support for Primary and Secondary networks
- Integration with OpenSea

Commercial Furniture Specification

Key Achievements

- Product specification tool for Commercial Furniture industry
- Software Development & Support for enterprise application
- Implementation of complex features in the tool
- Reducing the number of bugs reported by 35%
- Increased application performance by 50%

Software Tools Development

Key Achievements

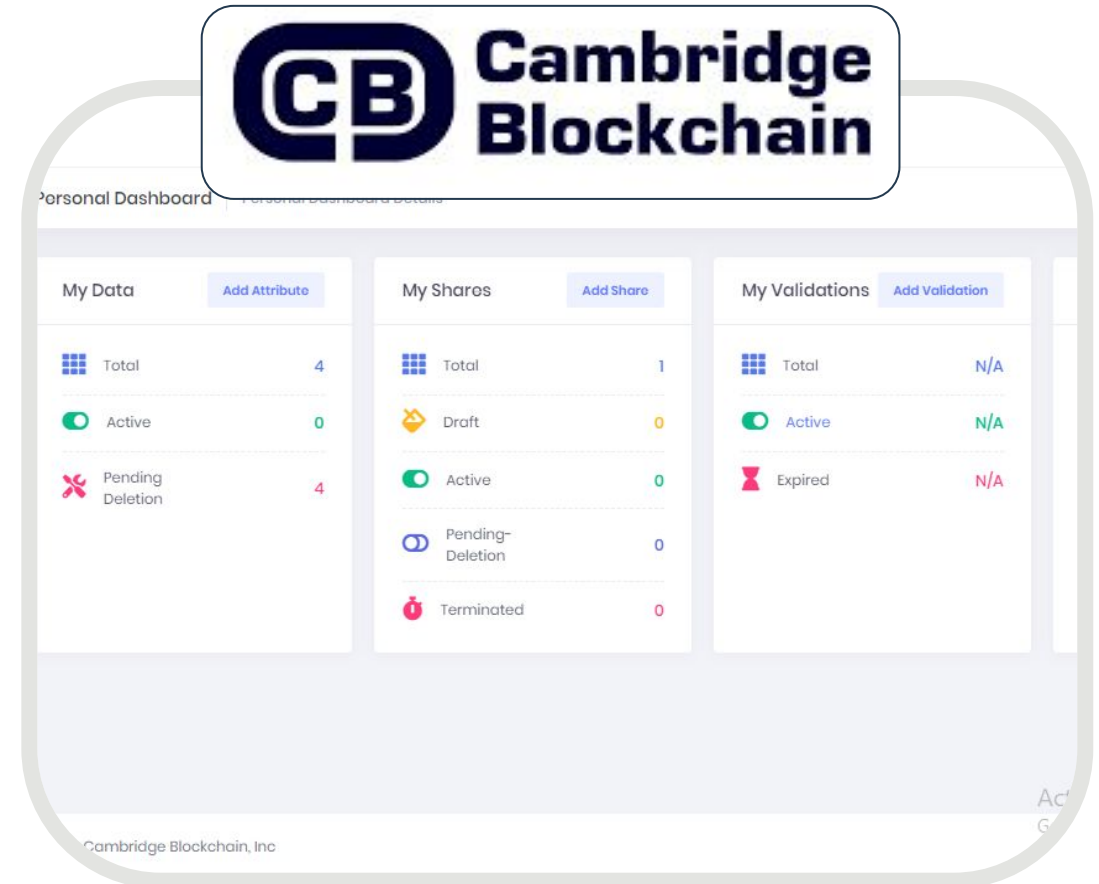

- Successfully designed and built an Identity Management Customer Interface application
- PDS Users and Service Provider functionality
- Designed & Developed customer proof verification
- Support for Trusted Party functionality
- UI/UX implementation for 16 Modules
- ~12 sprints to complete all the functionalities

KYC / ID Management

Key Achievements

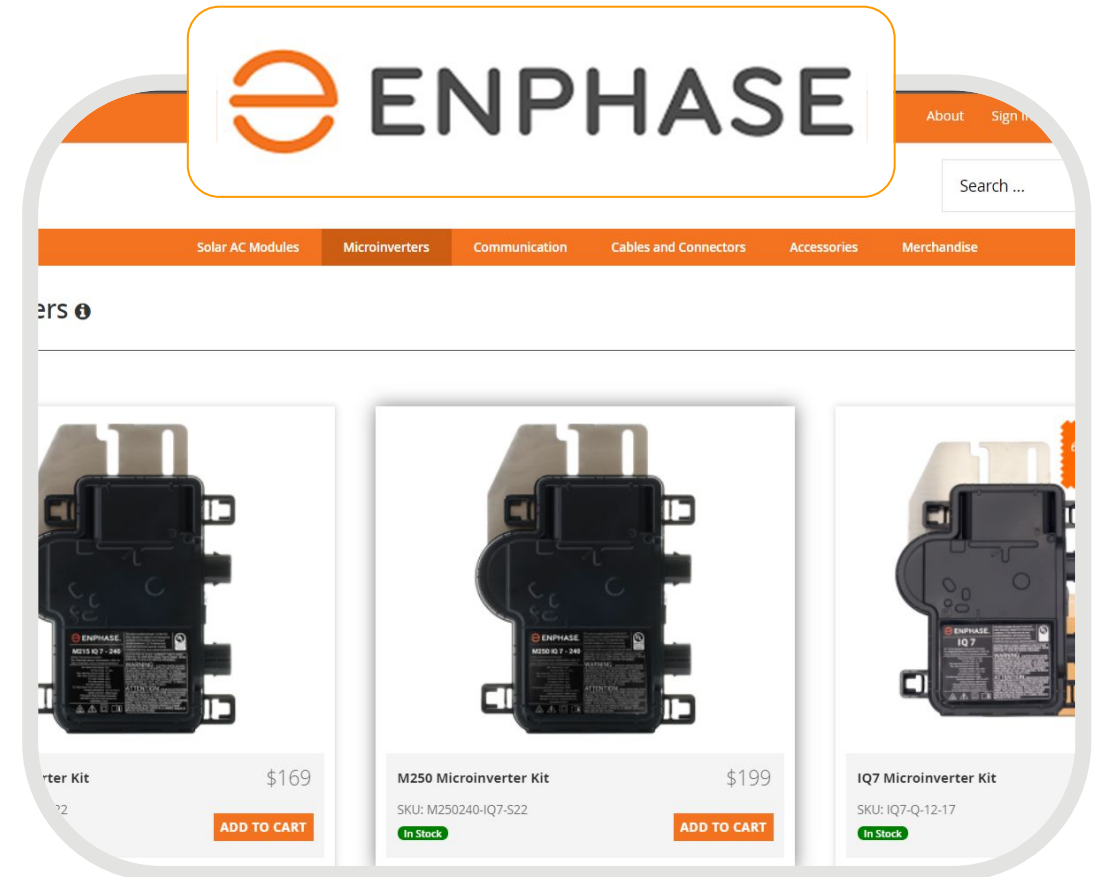

- Test Automation Framework & fully automated regression in 8 sprints
- 575 tests created in less than 2 sprints
- Weekly 5-6 test runs, Identified 10% failure rate
- Regression testing reduced from 16 hours to under 10 mins
- Approx. 60% reduction in release time (from 5 to 2 weeks)
- 85% automation of testing & deployment efforts
- Deployment time reduced from 90 to 10 mins

Renewable Energy

Key Achievements

- Developed and continue to maintain a portfolio of applications for Enphase Energy
- Enterprise application for manufacturing quality and reliability management
- eCommerce portals for customer sales & upgrades
- Data analytics application for market research
- Overall ~25 person years effort

Furniture Retailing

Key Achievements

- Content management
- Customized webpage
- Website traffic management
- Data analytics
- Theme management
- Custom product page design

Digital Storefront

Key Achievements

- Enabled direct selling of products
- Affiliate marketing
- Dealership module
- Payment integration
- Tax calculation
- Custom product page design

Application Redesigning Services

Key Achievements

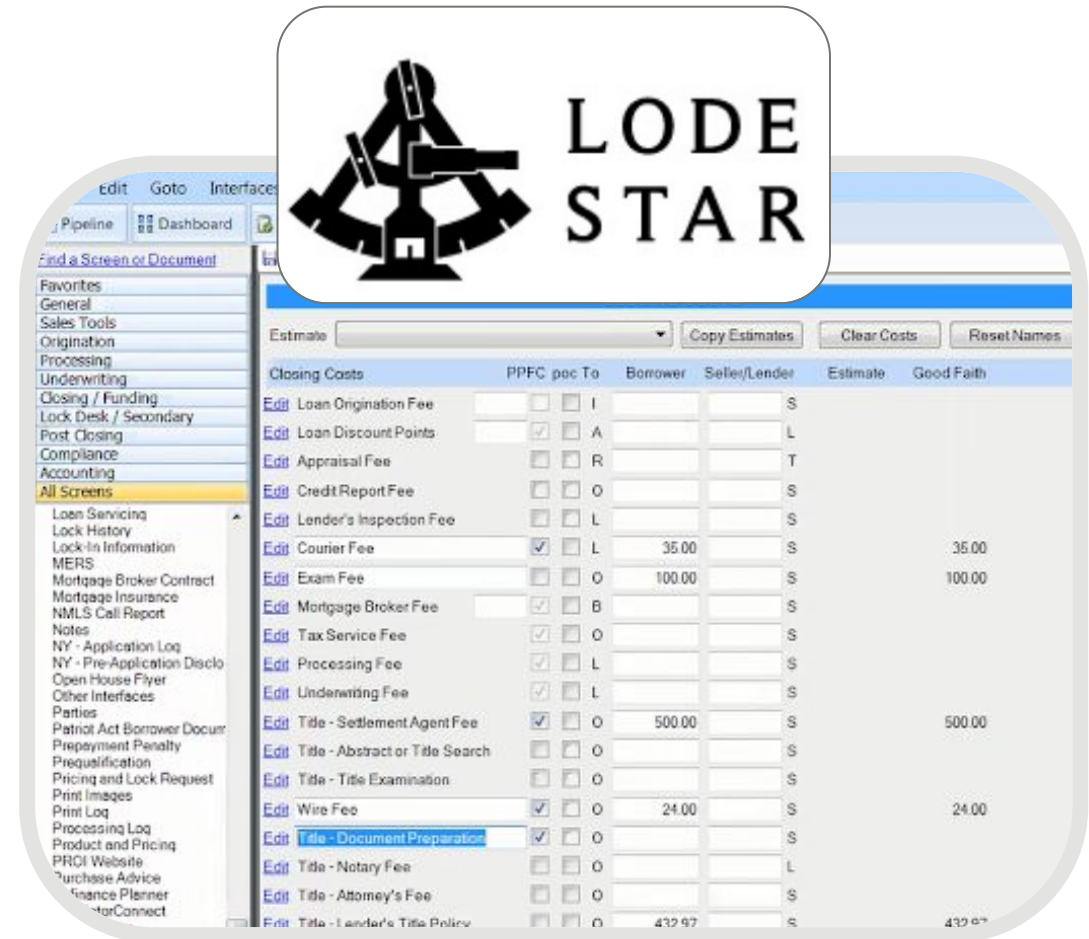

- Catalog of thousands of contract manufacturers' products
- Software Development & Support of Catalog Software
- Key functionality support such as Ad management
- Technical Support for Catalog data creation & updates
- Overall performance enhancement by 35%

Lending Solutions

Key Achievements

- UI/UX implementation
- Developed plugins for LOS integration
- User-configurable data mapping
- Handled complex data formats from diverse sources
- Automated data mapping solution to support compliance efforts
- Delivered complete application in ~3 sprints

The screenshot displays the LODestar application interface. At the top, there is a navigation menu with options like 'edit', 'Goto', and 'Interfaces'. Below this, a sidebar lists various document types such as 'Pipeline', 'Dashboard', 'Find a Screen or Document', 'Favorites', 'General', 'Sales Tools', 'Origination', 'Processing', 'Underwriting', 'Closing / Funding', 'Lock Desk / Secondary', 'Post Closing', 'Compliance', 'Accounting', and 'All Screens'. The main content area shows a table of closing costs with columns for 'Closing Costs', 'PPFC', 'poc To', 'Borrower', 'Seller/Lender', 'Estimate', and 'Good Faith'. The table lists various fees and their associated values.

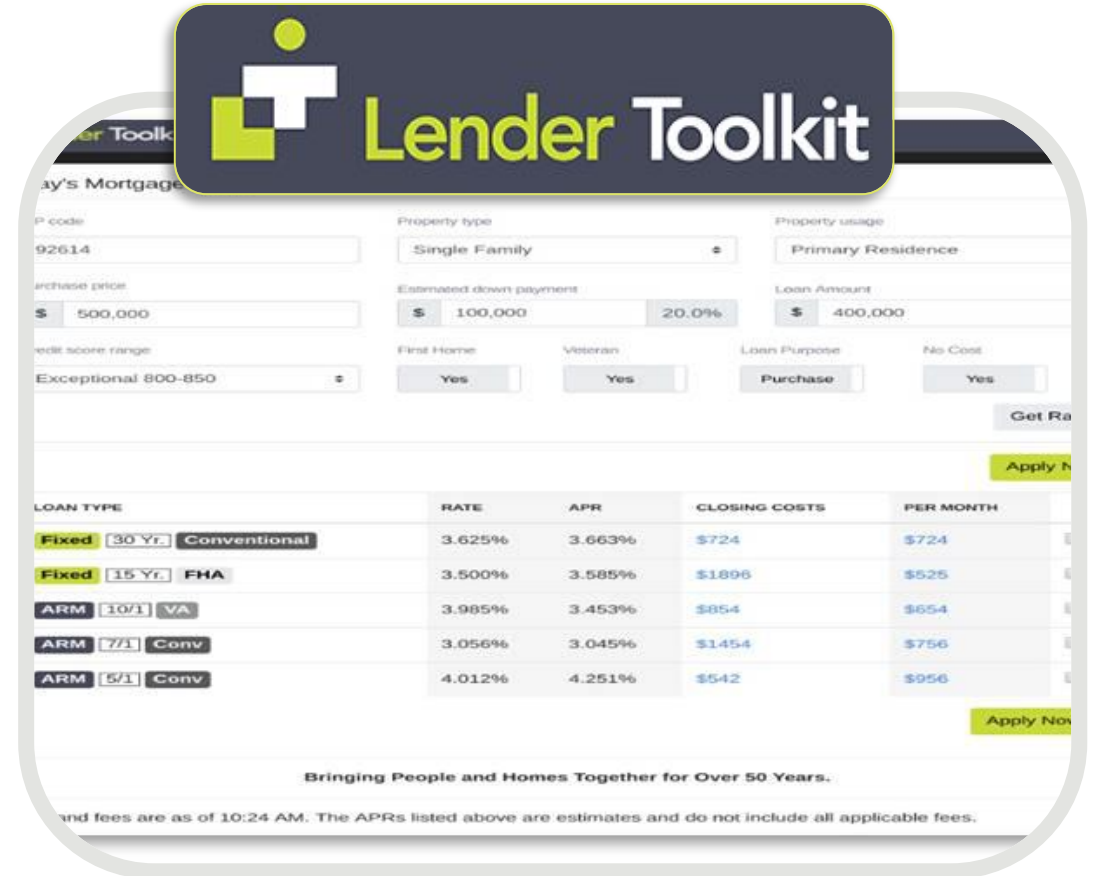

Closing Costs	PPFC	poc To	Borrower	Seller/Lender	Estimate	Good Faith
Loan Origination Fee	<input type="checkbox"/>	<input type="checkbox"/>	I		\$	
Loan Discount Points	<input checked="" type="checkbox"/>	<input type="checkbox"/>	A		L	
Appraisal Fee	<input type="checkbox"/>	<input type="checkbox"/>	R		T	
Credit Report Fee	<input type="checkbox"/>	<input type="checkbox"/>	O		\$	
Lender's Inspection Fee	<input type="checkbox"/>	<input type="checkbox"/>	L		\$	
Courier Fee	<input checked="" type="checkbox"/>	<input type="checkbox"/>	L	35.00	\$	35.00
Exam Fee	<input type="checkbox"/>	<input type="checkbox"/>	O	100.00	\$	100.00
Mortgage Broker Fee	<input checked="" type="checkbox"/>	<input type="checkbox"/>	B		\$	
Tax Service Fee	<input checked="" type="checkbox"/>	<input type="checkbox"/>	O		\$	
Processing Fee	<input checked="" type="checkbox"/>	<input type="checkbox"/>	L		\$	
Underwriting Fee	<input checked="" type="checkbox"/>	<input type="checkbox"/>	L		\$	
Title - Settlement Agent Fee	<input checked="" type="checkbox"/>	<input type="checkbox"/>	O	500.00	\$	500.00
Title - Abstract or Title Search	<input type="checkbox"/>	<input type="checkbox"/>	O		\$	
Title - Title Examination	<input type="checkbox"/>	<input type="checkbox"/>	O		\$	
Wire Fee	<input checked="" type="checkbox"/>	<input type="checkbox"/>	O	24.00	\$	24.00
Title - Document Preparation	<input checked="" type="checkbox"/>	<input type="checkbox"/>	O		\$	
Title - Notary Fee	<input type="checkbox"/>	<input type="checkbox"/>	O		L	
Title - Attorney's Fee	<input type="checkbox"/>	<input type="checkbox"/>	O		\$	
Title - Lender's Title Policy	<input type="checkbox"/>	<input type="checkbox"/>	O	432.97	\$	432.97

Mortgage Services

Key Achievements

- Rate Calculator tool for mortgage loan product consolidation
- Delivered a mortgage application from scratch in ~7 sprints
- Lender management & site integration
- Mortgage loan product provider API integration
- Highly responsive application (with page load time ~2 seconds)

Facilitated achieving SOC 2 compliance

The screenshot displays the 'Lender Toolkit' interface for a mortgage application. At the top, a dark blue banner features a white and green icon of a person and the text 'Lender Toolkit'. Below this, the application form includes fields for ZIP code (92614), Property type (Single Family), Property usage (Primary Residence), Purchase price (\$500,000), Estimated down payment (\$100,000, 20.0%), and Loan Amount (\$400,000). It also has checkboxes for 'First Home' and 'Veteran' (both checked), and a 'Loan Purpose' dropdown set to 'Purchase'. A 'Get Rates' button is visible on the right. Below the form is a table of loan options:

LOAN TYPE	RATE	APR	CLOSING COSTS	PER MONTH
Fixed 30 Yr Conventional	3.625%	3.663%	\$724	\$724
Fixed 15 Yr FHA	3.500%	3.585%	\$1896	\$525
ARM 10/1 VA	3.985%	3.453%	\$854	\$654
ARM 7/1 Conv	3.056%	3.045%	\$1454	\$756
ARM 5/1 Conv	4.012%	4.251%	\$542	\$956

At the bottom of the screenshot, there is a tagline: 'Bringing People and Homes Together for Over 50 Years.' and a disclaimer: 'Rates and fees are as of 10:24 AM. The APRs listed above are estimates and do not include all applicable fees.'

Family Entertainment

Key Achievements

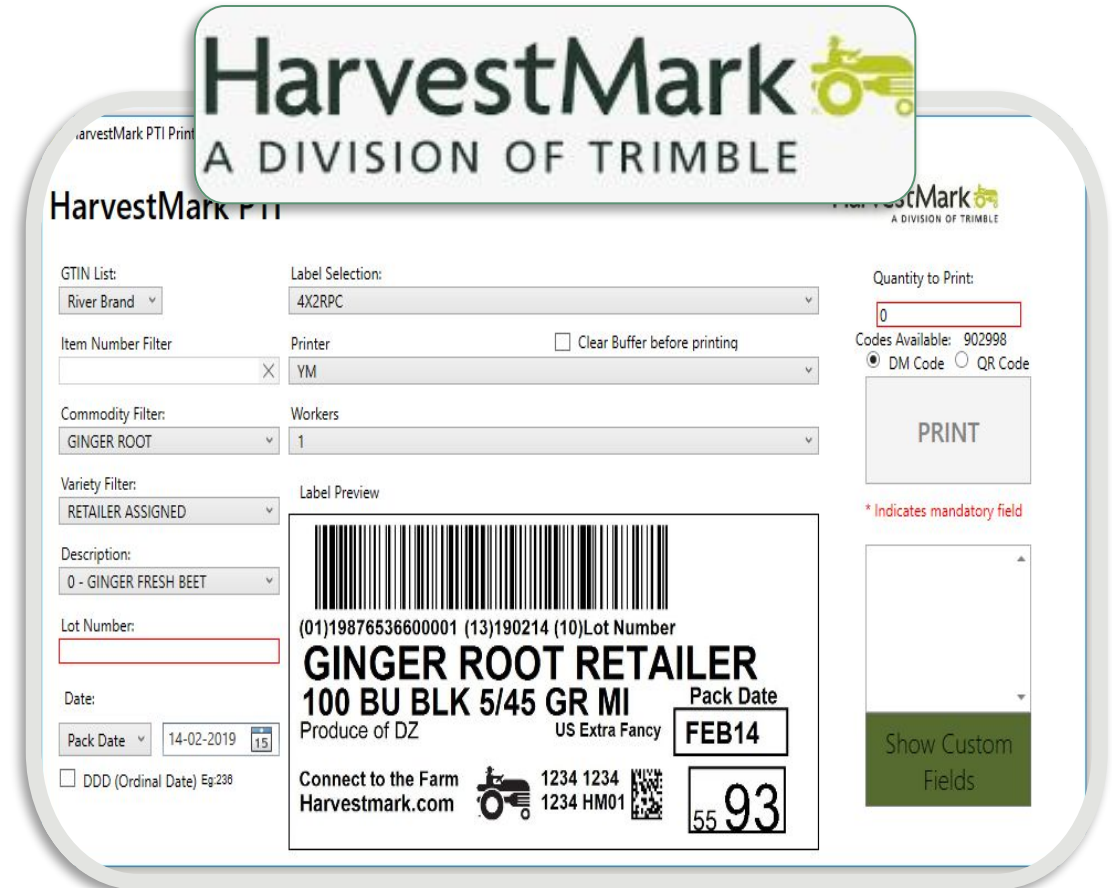

- Content management capabilities
- Promo code-based pricing
- Product positioning
- Push notifications
- Native Android & iOS

Supply Chain Traceability

Key Achievements

- ETL solution for PTI
- GTIN Manager solution
- Trace page management
- Case labeling, traceability solution
- Subscription module for PTI users
- Integrated EDI 856 for Advance Shipment Notification(ASN)
- Developed Mobile Optimized Response Page (MORP)

Application Support Services

Key Achievements

- Manage application setup & configuration for 450 customers
- 400 Support tickets per month- 98% resolution within SLA
- Supported major customers like Driscoll's & Sun Pacific
- 24/7 Remote Support via Salesforce, LogMeIn & TeamViewer
- Average turnaround time reduced from 90 to 15 mins

Cloud Infrastructure / IT Projects

Cloud ERP Solution

Key Benefits

- Single and Integrated system from Production Plan to Work Order to Purchase Order to Sales Order to Finance and many more
- Multilingual Tool with Multi Currency capability
- Role Based User Access across units in an organization
- Automation of end to end business processes

IT Ops & Cloud Infrastructure

Key Achievements

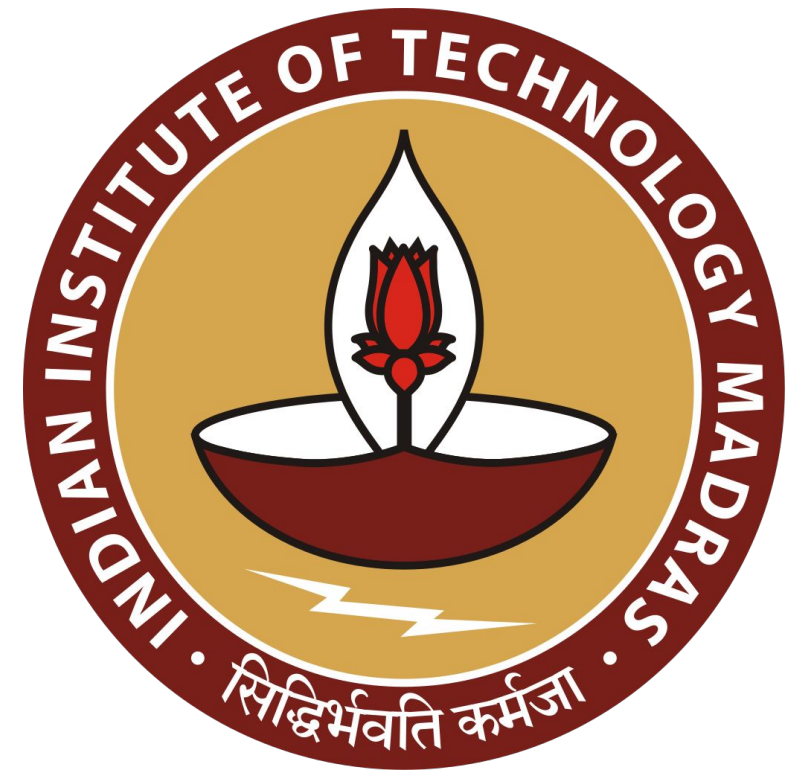

- Migrate on-prem infrastructure to hybrid cloud
- Implement multi-master database replication architecture
- Scale the infrastructure to support world-wide manufacturing footprint
- High availability with 99.99% SLA
- Capacity planning, availability & performance monitoring and reporting
- 24x7 support

Openstack Implementation

Key Achievements

- Openstack-based private cloud for Donlab, Dept. of CSE, IIT-Madras
- Implementation & support of research lab
- Identity (Keystone), Image (Glance) & Dashboard (Horizon), Compute services (Nova) & Block storage services (Cinder)
- Linux KVM hypervisor
- Web portal / Dashboard for researchers
- Self-service architecture

Cloud ERP Solution

Key Achievements

- Migration from aging legacy system
- Optimised Forecasting, MRP, MPS
- End-to-end business process for Order Management
- Sales commission / Royalty modules
- RARB warehouse design
- Inventory reconciliation
- Shopify, Amazon Seller/Vendor Central, EDI
- Customised reports and dashboards

Riverstone AI

documents+images+chat
(azure OCR+Cognition+LLM)

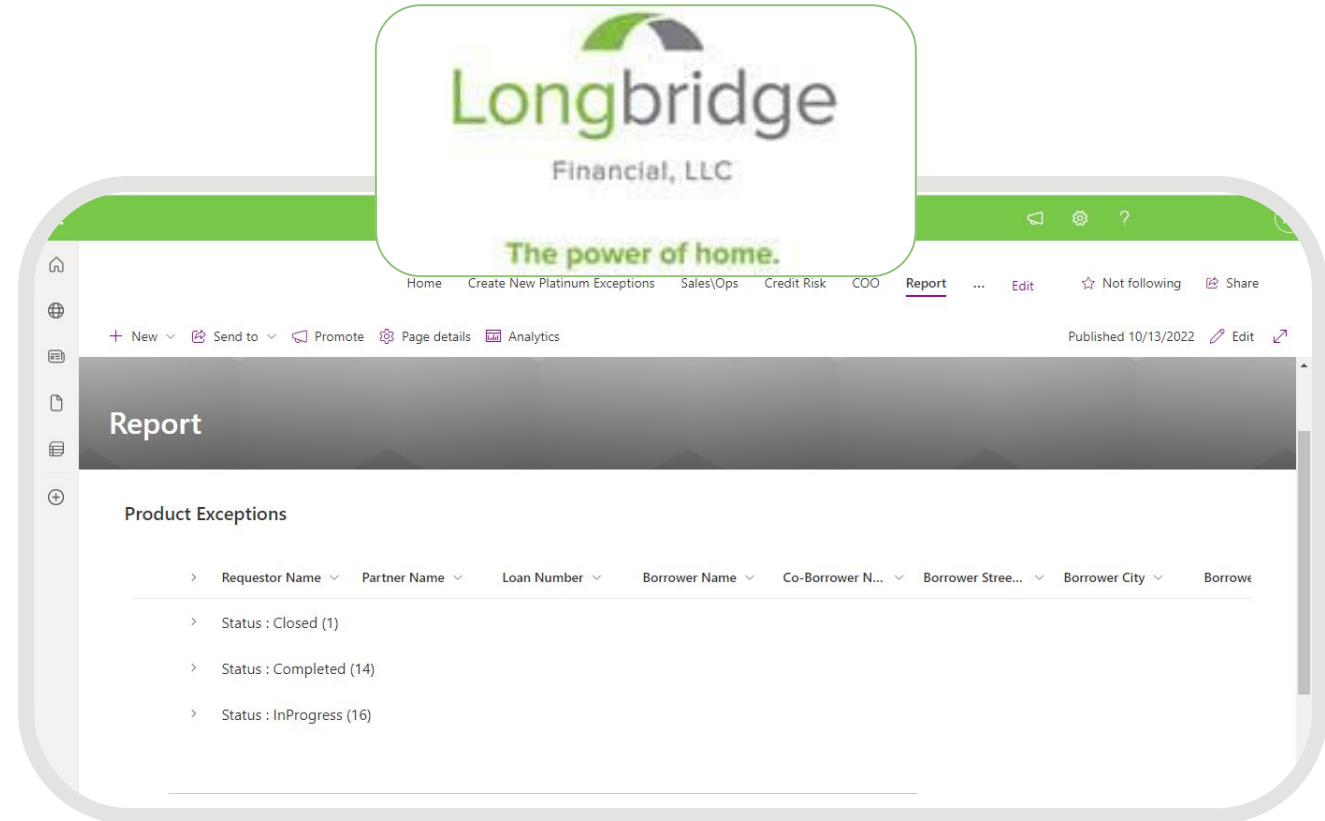

Document Intelligence

- Mortgage Audit Flow with Azure Document Intelligence
 - Reduced from weeks to hours
- Student Loan Audit Flow
- Office Design/Vendor reconciliation

Document Intelligence

Automated Audits

- AI-driven AuditBuddy
- Automate loan audit
- Ensure compliance with guidelines.
- Audit velocity - Weeks to hours

Document Intelligence

Design Package Validation

- OrderBuddy to automate double check process.
- Compare furniture design with manufacturer quotes.
- Report on discrepancies..

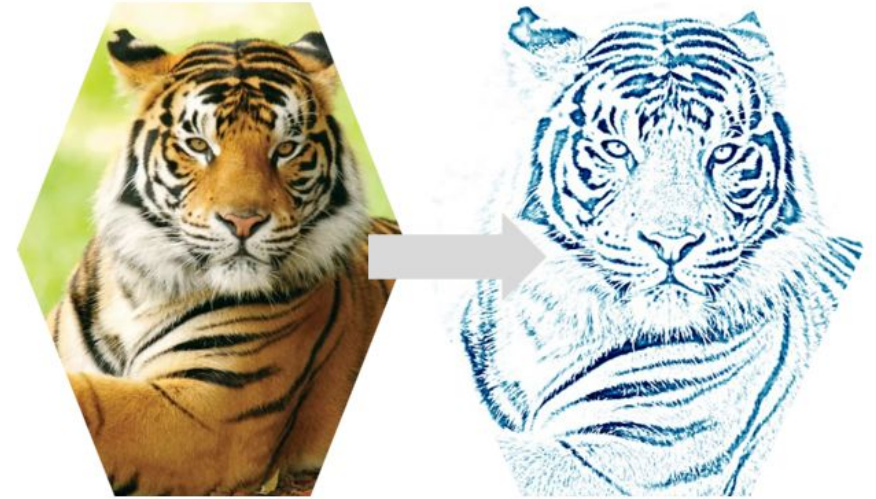

Order Processing Automation

- Track status of vendor orders.
- Update the order tracking system.
